# Akylone

Akylone is the result of unique technical expertise combined with the most advanced materials.

Its performance, agility, aerodynamic finesse, the versatility of its frame on the road and on the track will undoubtedly make AKYLONE a new reference.

Akylone represents the subtle alchemy between uncompromising performances and the emotion that a true piece of art can evoke.

Akylone will be manufactured in an ultra-limited edition of 25 cars divided up in 15 coupé and 10 roadster models for its first cycle of production.

Pre-orders are now available.

*A tribute to beauty and performance, Akylone is the ultimate expression of automobile pleasure and passion.*

*Harmonious lines enhanced by its exceptional finish, make it an heir to the crown of prestigious French craft industry.*

GENTY AUTOMOBILE

SA Genty Automobile, a new French car manufacturer of luxury and high performance vehicles, is first and foremost part of the economic and industrial territory of Auvergne-Rhône Alpes, representing this region with pride and highlighting local know-how and skills.

Akylone claims to be a French hypercar, designed, manufactured and assembled in France, associating partners from the most prestigious French brands. Genty Automobile intends, thus, contribute to the influence of the French know-how, both at national and international levels.
